

~~ADMINISTRATIVE INTERNAL USE ONLY~~*CLIC, Subject*

4 May 1984

NOTE FOR: Eloise R. Page  
DD/ICSFROM: 

VC/CIPC

SUBJECT:  TDY to Air Force Academy

1. Pursuant to our conversation, I have discussed this trip with Carol. She, in turn, has talked with the Defense Intelligence College.

2. She informed them that she will not be presenting a paper on narcotics intelligence. Because of the time constraints of the publication review process, they suggested that she not prepare a paper, but still strongly urged her participation. They believe that she can make a significant contribution to the conference and want to take advantage of her varied Air Force intelligence background

3. She has also been specifically mentioned for the panel on "Intelligence as a Career" since she has the perspective of twenty years of Air Force intelligence experience and is familiar with past and proposed developments within the career field as well as a knowledge of civilian career progression. This is presently being coordinated with the Air Force Academy.

4. I support her participation at this conference as a representative of the Intelligence Community Staff and recommend your concurrence.
